Reason for large canceling ULO in SOA and O&M

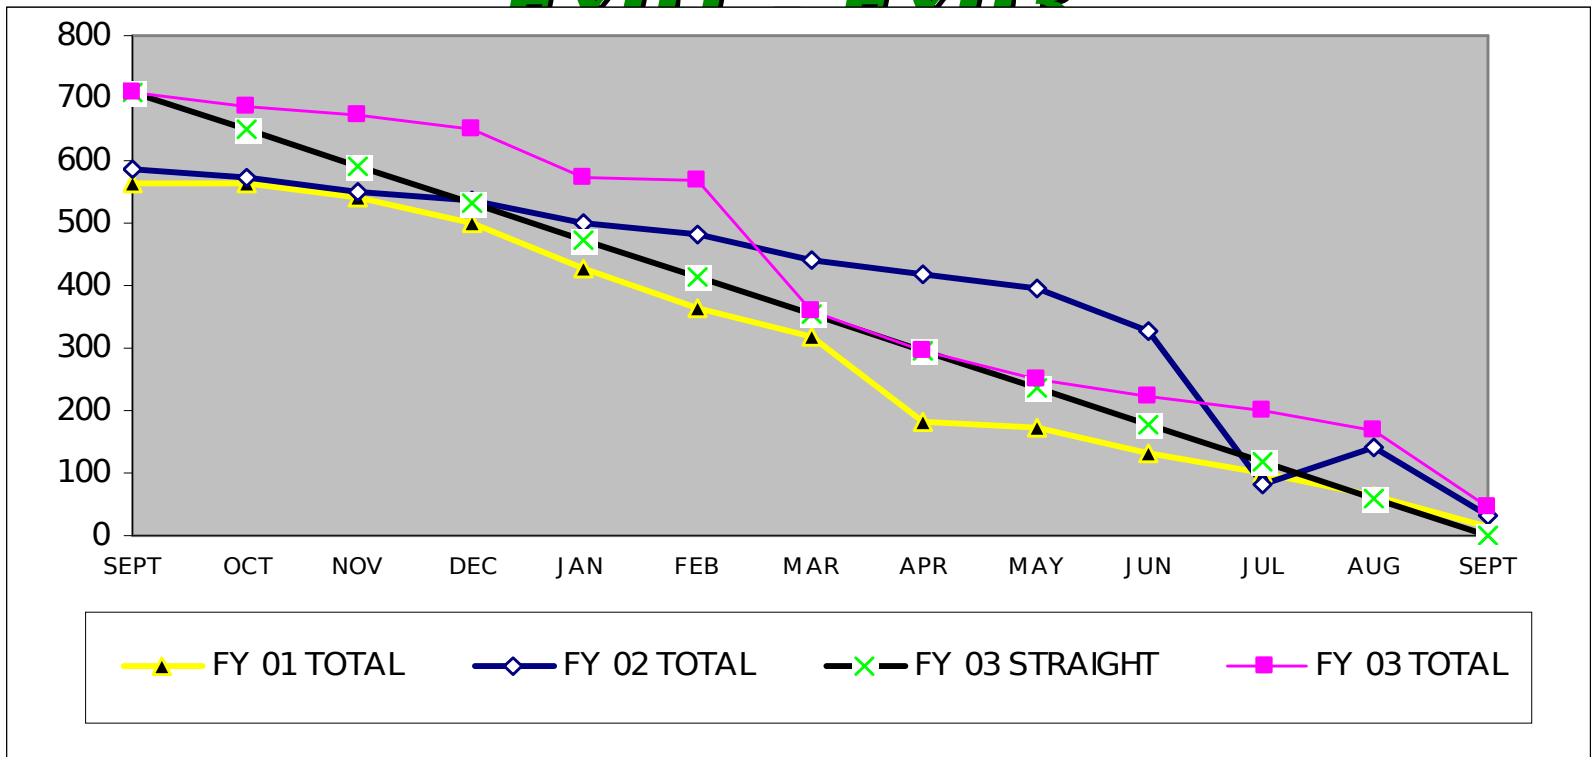

FY98 BS 2020 OA22 32M automatic unliquidated balance. Prior to 9/11, FSN 49448, Defense Telephone Service, was located in the Pentagon. All records were lost when the Pentagon was hit and according to DNO who subsequently became the accounting office, they inherited approximately \$32M in canceling obligations caused by STANFINS processing procedures during fiscal years 97, 98, 99, and 00. Because this FSN has only automatic funds and their disbursements and collections did not agree, it was impossible for them to close this year without either a credit accounts receivable or a debit unliquidated balance.

National Guard's ULO dropped from 21.2 in 02 to 7.4 million, 3.6m is in 2020, 3.6m is in 2065
